

**COMPUTER
PROFESSIONALS**
(REGISTRATION COUNCIL OF NIGERIA)
"Act, CAP C22, Laws of the Federation of Nigeria (LFN), 2004"

32nd ANNUAL GENERAL MEETING

PROGRAMME OF EVENT

THURSDAY 14TH MAY 2026

NATIONAL ANTHEM

Nigeria, we hail thee Our own dear native
land Though tribes and tongues may differ
In brotherhood, we stand Nigerians all, are
proud to serve Our sovereign Motherland.

Our flag shall be a symbol That truth and
justice reign In peace or battle, honour'd,
And this we count as gain, To hand on to our
children A banner without stain.

O God of all creation Grant this our one
request. Help us to build a nation Where no
man is oppressed And so with peace and
plenty Nigeria may be blessed.

NATIONAL PLEDGE

I pledge to Nigeria my country To be faithful,
loyal and honest To serve Nigeria with all my
strength To defend her unity And uphold her
honour and glory So help me God

PRESIDENT BOLA AHMED TINUBU, GCFR
President, Commander-in-Chief of the Armed
Forces, Federal Republic of Nigeria

	PRESENTATION OF THE ADDRESS OF THE PRESIDENT/CHAIRMAN-IN-COUNCIL, REPORT OF THE REGISTRAR/SECRETARY TO COUNCIL AND THE AUDITED ACCOUNTS BY THE COUNCIL'S AUDITORS	68 68 70	
	The President and Chairman of Council presented his address to the meeting; the Registrar/Secretary to Council then read his report. Thereafter, the Auditor to Council, BBC Professionals presented the audited report for the Year ended 31 st December, 2024. The motion for the adoption of the Registrar's Report and the Auditor's Report for discussion was moved by Silas Jonathan Vem (Membership Registration number 005616/2018) and seconded by Okoroafor Ukanna Michael (Membership Registration number 007775/2022).	71 72 73 74 75 76 77 78 79 80	

S/NO	DISCUSION/DECISION	LINE	ACTION BY
	The meeting deliberated extensively on the two reports, and questions were asked and answered. Clarifications were sought on some of the issues presented in the Auditor's report. REACTIONS FROM MEMBERS TO THE AUDITED ACCOUNT AND REGISTRAR'S REPORT 1. Mr. Adewara Olakanmi Adekunle (Membership Registration Number 003956/2013) commended the Council for the good progress it made in the period under review. He asked if members had inputs into the Career Progression document submitted to the National Council on Establishments. The Chairman of Council responded that members made inputs to the document before it was submitted. 2. Mr Ofuya Ogbeminu Samuel (Membership Registration Number 008761/2023) asked why the Auditors' Report was not signed. The Chairman of Council said Auditors' Report are signed only after the approval of the AGM.	81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99	

S/NO	DISCUSION/DECISION	LINE	ACTION BY
	3. Mr Sataria Ebiegberi Omajuwa (Membership Registration Number 010820/2025) asked why CPN does not operate by Chapters for its effective spread and organic growth.	100 101 102 103 104	
	The Chairman of Council responded that CPN, being a regulatory body, has zonal offices in the six geo-political zones of the country to cater for members' needs in those catchment areas. Mr. Jagun said State Chapters of the Nigeria Computer Society (NCS) in all the States complement the CPN Zonal Offices.	105 106 107 108	
	4. Mr. Wamdiju James (Membership Registration Number 003108/2011) commended the Council for its purposeful leadership which has imparted positively on the fortunes of the Council in the period under review. He however advised the Council to improve on its successes, by leveraging more on IT to solve basic challenges, especially at its IT Assemblies.	109 110 111 112 113 114 115 116 117	
	5. Prof Vincent Ele Asor (Membership Registration Number 002647/2009) commended the Council for not allocating any money for the purchase of Newspapers. He said buying physical newspapers was a waste of resources since all the newspapers now exist online. Prof Asor said he noticed that no amount was expended on local training of staff. He enjoined the incoming Council to do more in this regards. Lastly, Prof Aso questioned why CPN still pay for rents for offices spaces when the Federal Government has more than enough space for its Parastatals and Agencies at its Secretariats scattered all over the country.	118 119 120 121 122 123 124 125 126 127 128	

S/NO	DISCUSION/DECISION	LINE	ACTION BY
	The Chairman of Council said the Council had drawn an elaborate training plans for staff of the Secretariat for the period under review, but could not carry the plans out due to the exigencies caused by the defunding policy of the Federal Government. He expressed the confidence that the incoming Council will do more in this regard. The Chairman of Council said efforts was being intensified to get accommodation for both Lagos and Owerri offices at Federal Government Secretariats therein. APPOINTMENT OF COUNCIL'S AUDITORS FOR ANOTHER YEAR The renewal of the appointment of BBC Professionals for the next one year was done by the AGM via voice affirmation. 2025 CPN ELECTIONS The President and Chairman of Council informed the meeting that the Council received an interlocutory order restraining it from commencing, conducting or declaring the results of the 2025 CPN elections. He said the restraining order was filed by two CPN members, Mansur Mohammed Alkali and Durosinmi Adekunle at the High Court of Abuja on 12th May, 2025. The Chairman of Council said the prayer of the Claimants was that the court should declare Prof Ganiu Aderounmu's clearance by the 2025 CPN Electoral Committee ultra vires.	129 130 131 132 133 134 135 136 137 138 139 140 141 142 143 144 145 146 147 148 149 150 151 152 153 154 155	

S/NO	DISCUSION/DECISION	LINE	ACTION BY
	Mr Kole Jagun said, upon receipt of the court order, he sought the advice of the Council's Legal Adviser, Mr. Layi Babatunde, SAN, who advised that the conduct of the CPN elections should be put on hold for the moment. Mr. Jagun said he thereafter convened an Emergency Council meeting on Wednesday 14th May, 2025, and it was decided at the Emergency Council meeting, that Council should abide with the Motion on Notice, so as not to run foul of the law. The Chairman of Council said that, through its Lawyers, the Council was working on vacating the Motion of Notice which is only valid for two weeks. Thereafter, the 2025 CPN election will take place. He said discussions are also being held to ensure a peaceful and amicable settlement of the issue without recourse to litigation which will take time, cost the Council money, and also cast it in bad light before the public. Mr Jagun expressed the hope that the impasse would be resolved and elections held before the June 30th 2025 handover date of the 2023-2025 Council. He however said that, in the event that the matter lingered, an Extra General Meeting (EGM) of members would be called a few days to the June 30th date to determine the way forward. The AGM thanked Council for the proactive steps it had taken on the matter, and asked the 2023-2025 Council to do all that is within its power to ensure that the matter was resolved within the next two weeks, and elections held online. The AGM said that a minimum of forty - eight hours should be given to members before the elections are held.	156 157 158 159 160 161 162 163 164 165 167 168 169 170 171 172 173 174 175 176 177 178 179 180 181 182 183 184 185 186

ADDRESS OF THE PRESIDENT/CHAIRMAN OF COUNCIL, DR ESSIEN EYO, AT THE 32ND ANNUAL GENERAL MEETING OF COMPUTER PROFESSIONALS (REGISTRATION COUNCIL OF NIGERIA) HELD AT NAF CONFERENCE CENTRE, KADO, ABUJA, ON THURSDAY 14TH MAY, 2026

Vice-President/Vice-Chairman of Council

President, Nigeria Computer Society

Provost, College of Fellows

Distinguished Members of Council

The Registrar/Secretary to Council

Past Presidents/Past Chairmen of Council

Past Presidents, Nigeria Computer Society

Past Registrars/Secretaries to Council

My professional colleagues

Distinguished Friends from the Press

Ladies and Gentlemen

It is with profound gratitude to Almighty God that I welcome you all to the 32nd Annual General Meeting of the Computer Professionals (Registration Council of Nigeria). This gathering remains a significant milestone in our statutory responsibility to review our stewardship, strengthen professional standards, and chart the path forward for computing practice in Nigeria.

Today, we assemble not merely to fulfill a statutory requirement, but to reflect on the state of our profession, assess our impact, and renew our collective commitment to excellence, integrity, and national development. Distinguished colleagues, I will like to thank you all for the confidence and trust reposed in me as evidenced in my election to the exalted office of President and Chairman of Council of CPN on Thursday 23rd October, 2025.

Fellow Professionals, the report of my stewardship since my election as the 11th President/Chairman of Council of Computer professionals (Registration Council of Nigeria), and my assumption of Office on Friday 24th October, 2025 is full of endeavours, efforts and achievements to put our noble profession –Information Technology into the consciousness of Nigerians and make Nigerians active participants in the Information Technology revolution that is presently sweeping across the whole world. Since my assumption of office as the President and Chairman of Council, I have concentrated on three core pillars: elevating member value through targeted professional development, driving thought leadership in emerging trends, and fostering a truly inclusive and collaborative community where every member's voice is heard.

The core mandate of CPN is the control and supervision of the Computing profession. Council realized that fulfilling this mandate in a more effective way requires repositioning CPN for increased relevance and sustainability.

I will therefore attempt a recap of some of the strategic engagements/activities that Council has carried out under my watch these past seven months:

Reflecting on the Year

Over the past year, the Council has continued to advance its mandate of regulating, controlling, and supervising the computing profession in Nigeria. We have intensified efforts in:

- Strengthening professional registration and compliance;
- Expanding accreditation of computing programmes in tertiary institutions;
- Enhancing enforcement against quackery and unlicensed practice;
- Deepening stakeholder engagement across government, academia, and industry.

Our regulatory interventions have reinforced the credibility of IT practice and strengthened public confidence in certified professionals under the CPN framework.

Professional Standards and Capacity Building

The rapidly evolving digital ecosystem demands that we continually update our standards and certification frameworks. Emerging technologies such as artificial intelligence, cybersecurity, data governance, cloud infrastructure, and digital transformation require structured regulation and ethical oversight.

We have therefore prioritized:

- Members Continuous Professional Development (MCPD) programmes;
- Review of accreditation benchmarks to reflect global best practices;
- Collaboration with industry leaders to bridge the skills gap;
- Promotion of ethical computing and responsible innovation.

As professionals entrusted with Nigeria's digital backbone, competence must remain our hallmark.

Digital Economy and National Development

Nigeria's aspiration towards a resilient and inclusive digital economy places greater responsibility on this Council. Computing is no longer a support function—it is the engine room of governance, finance, education, health, security, and innovation.

The Council remains committed to working closely with relevant Ministries, Departments, and Agencies to ensure that certified professionals drive national digital initiatives. We must position CPN not only as a regulator, but as a strategic partner in Nigeria's transformation into a knowledge-driven economy.

Challenges and the Way Forward

While we have recorded significant progress, we must acknowledge existing challenges, including, but not limited to the following:

- Inadequate compliance among some practitioners;
- The persistence of unregistered IT operators;
- Rapid technological changes requiring agile regulatory response;
- The need for stronger institutional collaboration.

Moving forward, our focus will include:

1. Strengthened enforcement mechanisms;
2. Digitization of CPN processes and services;
3. Greater youth inclusion and mentorship;
4. Strategic partnerships locally and internationally;
5. Sustained advocacy for recognition of certified IT professionals in public and private sectors.

CONCLUSION

I acknowledge the efforts and dedication of the 2023 - 2025 Council, particularly the tireless work and resilience of the Immediate Past President and Chairman of Council, Mr. Kole Jagun, who has left us a solid foundation upon which to build. I want to thank the elders of the profession for their wise counsel and immense contributions at all times.

I want to use this opportunity to appreciate the Government of the Federal Republic of Nigeria under the leadership of Bola Ahmed Tinubu, *GCFR*, for reinstating the Council to the Federal Government payroll. The reinstatement of CPN to government payroll is a strategic investment in Nigeria's digital future. As the statutory body charged with the regulation, control, and supervision of computing and information technology practice in Nigeria, CPN plays a critical role in ensuring standards, ethics, capacity development, and professional excellence within the ICT sector.

Our parent Ministry, the Federal Ministry of Education has continued to support us in different ways; I therefore want to thank the Honorable Minister of Education – Dr Maruf Alausa, for his tireless support for CPN, especially the role he played in CPN's re-absorption into government payroll. I thank the Honorable Minister of State for Education, Prof Suwaiba Said Ahmad, the Permanent Secretary, Federal Ministry of Education - Mr. Olumuyiwa Enitan Abel, as well as all the officials of the Federal Ministry of Education. I also want to thank our partners who have worked with us over the years.

May I use this opportunity to specially commend the entire staff of the Secretariat under the leadership of the Registrar/Secretary to Council, Mr. Adebayo Adegbiyi, for their immense support, dedication and commitment to duty. The achievements recorded in the past years were made possible by their sacrifice and co-operation for which I am grateful.

The past few months on the saddle of leadership have been a mix of experiences – accomplishments, challenges, anxieties, disappointments, and real-life lessons. Distinguished colleagues, I thank you once again for the opportunity to serve.

I thank you all for listening.

Dr Essien Eyo, *FNCS*

President/Chairman of Council

REPORT OF THE REGISTRAR/SECRETARY TO COUNCIL, MR. ADEBAYO ADEGBIJI, FNCS, AT THE 32ND ANNUAL GENERAL MEETING OF THE COMPUTER PROFESSIONALS (REGISTRATION COUNCIL OF NIGERIA) HELD ON THURSDAY 14TH MAY, 2026 AT NAF CONFERENCE CENTRE, KADO, ABUJA

The President/Chairman of Council

Vice-President/Vice-Chairman of Council

President of the Nigeria Computer Society

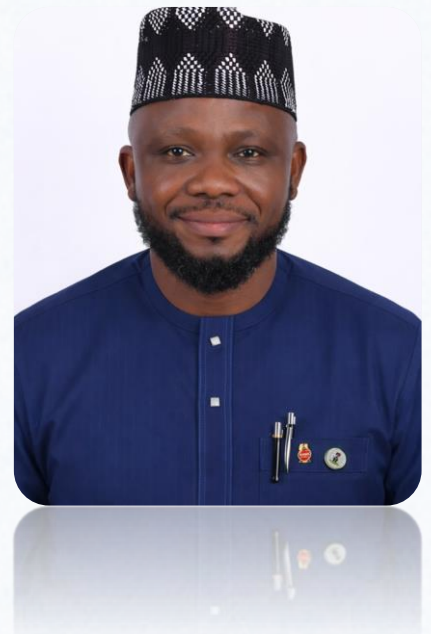

The Provost, College of Fellows

Members of Council

Past Presidents/Chairmen of Council

Members of the Information Technology Profession

Distinguished Ladies and Gentlemen

It is my pleasure to welcome you all to this great occasion of the gathering of highly distinguished members of the Information Technology Profession. This year's Annual General Meeting is the 32nd in the series of the **Annual General Meetings** of registered members of the Information Technology profession in Nigeria. It is an occasion for stock taking of our accomplishments and to rub minds on the roadmap for the future.

The year under review has been one of consolidation, strategic repositioning, and strengthened regulatory oversight.

Despite the prevailing socio-economic challenges, the Secretariat remained focused on delivering its statutory mandate efficiently, while supporting Council in advancing the vision and objectives of the Council.

The Council embarked on series of activities during the period which have really assisted in moving the profession forward. Distinguished members, I hereby present the highlights of the Council's activities from **June 2025 to May, 2026**.

A. COUNCIL MEETINGS

The Council held four meetings during the period under review as follows:-

S/NO	Date	Venue	Nature of Meeting
1.	Monday 20 th October, 2025	Online	Regular
2.	Sunday 28 th December, 2025	Online	Regular
3.	Tuesday 24 th February, 2026	Online	Regular
4.	Thursday 7 th May, 2026	Online	Regular

B. COUNCIL'S COMMITTEES

Committees of Council held series of meetings during the period and deliberated on various issues that are germane to the growth of the profession. Recommendations were thereafter forwarded to the Council for consideration and requisite action.

The following are the Standing Committees of Council:

1. Registration, Regulation and Control Committee
2. Education and Manpower Development Committee
3. Finance and Administration Committee
4. Public Relations and Corporate Affairs Committee
5. Research, Innovation and Development Committee
6. CPN Investigating Panel
7. CPN Disciplinary Panel (Tribunal)

I want to use this opportunity to thank all Committee members for their selflessness and commitment to the cause of the profession. The effects of the work and the commitment of the Committees have had very great impacts on our operations and it has provided the necessary policy direction for the various activities at the Secretariat.

C. COMMITTEES' REPORTS

1. REGISTRATION, REGULATION AND CONTROL

In line with our statutory responsibilities, the Secretariat strengthened monitoring of professional practice across sectors. Compliance notices were issued where necessary, and engagements were held with institutions and organizations to ensure adherence to regulatory standards. We also intensified collaboration with higher institutions to promote accreditation standards and ensure alignment with national and global best practices.

Ladies and Gentlemen, I am delighted to inform you that the membership base of our profession is on the increase. This is a manifestation of the fact that IT practitioners in the country are conforming to the provision of the Act that established the Council. The current membership status of the profession is as follows:

STATUS	ADMITTED	NEWLY	TOTAL
	1999-2025	ADMITTED	
Chartered Members	5, 665	542	6, 207
Associate members	613	19	632
Affiliate (Graduate)	3091	17	3, 108
Affiliate Members	542	11	553
Corporate Members	1404	175	1, 579
Total	11, 315	764	12,079

The grand total number of Members stands at Twelve Thousand and Seventy-Nine (12, 079).

i. MEMBERSHIP ADMISSION

During the period under review, the Secretariat processed applications across all membership cadres. We recorded growth in new registrations, reflecting increased awareness of the Council's regulatory role and the growing relevance of our profession in Nigeria's digital transformation journey. I will like to inform this gathering that the **Executive Registration Programme (ERP)** approved by Council has assisted greatly in increasing the membership base of CPN. The **Executive Registration Programme (ERP)** is the programme that is designed to enable eligible members of the profession who missed direct registration to register through the attendance of the well-packaged programme. Through this programme, several eligible members of the profession who missed the December 2009 deadline had been able to register as bonafide members of the profession.

ii. INDUCTION OF GRADUATING COMPUTER SCIENCE STUDENTS OF TERTIARY INSTITUTIONS

The induction of graduates of Computer Science in institutions of higher learning is ongoing. The programme which is geared towards bringing all the graduates of Computer Science and all other related courses into the profession has come to stay, and its tentacles are spreading.

In the period under review, graduates from tertiary institutions in Nigeria were inducted as follows:-

S/N	Institution	Date	No. Of Students
1.	Federal University of Agriculture, Abeokuta	July 23rd 2025	123
2.	Babcock University, Ilishan - Remo, Ogun State	July 23 rd , 2025	156
3.	McPherson University, Ogun State	July 24 th , 2025	32
4.	The Federal Polytechnic Ado Ekiti, Ekiti State	October 14 2025	116
5.	Crescent University, Abeokuta, Ogun State	October 16 th , 2025	65
6.	Well Spring University, Benin, Edo State	October 17 th , 2025	47
7.	University of Jos, Plateau State	October 29 th 2026	122
8.	Bells University Of Technology, Ota, Ogun State	October 31 st 2025	80
9	Federal University, Akure, Ondo State	November 11, 2025	172
10.	Captain Elechi Polytechnic, Rumuola, Port harcourt, Rivers State	November 26, 2025	80
11.	Nasarrawa State Polytechnic, Keffi, Nassarawa State	December 4 th 2025	104
12.	Nigerian Army College of Environmental Science & Technology, Makurdi, Benue State	March 2 nd 2026	56
13.	Yaba College of Technology, Yaba, Lagos	March 12, 2026	77
14.	Ekiti State University, Ekiti State	April 8 th 2026	65

2. EDUCATION AND MANPOWER DEVELOPMENT COMMITTEE

Education, Examination and Training is one of the core mandate of CPN and necessary measures are been taken to uplift the standard of Information Technology Education in Nigeria.

i. MANDATORY CONTINUING PROFESSIONAL DEVELOPMENT PROGRAMME (MCPD)

In partnership with relevant committees and stakeholders, the Secretariat facilitated continuous professional development programmes aimed at equipping members with contemporary skills and knowledge. These initiatives were designed to:

- Enhance professional competence.
- Promote ethical standards.
- Prepare members for emerging opportunities in the digital economy.

Our **Mandatory Continuing Professional Development** training programmes is currently running. It is both physical and online. However, we are working on carrying out trainings for other individuals and organizations based on request. Participation in MCPD is not only a statutory requirement for maintaining good standing; it is a commitment to excellence, ethical practice, and professional growth. Regular attendance ensures that members remain competitive, compliant, and capable of delivering high-quality services in both public and private sectors. We therefore urge all members to prioritize attendance, complete the required credit units annually, and encourage colleagues within their networks to do the same.

ii. COMPUTER PROFESSIONAL EXAMINATION (CPE)

We conducted our regular October diet examination from **Tuesday November 4th to Friday November 7th, 2025**. Also, we conducted our Computer Professional Examination for the **Nigerian Armed Forces** at the **Nigerian Naval Base, Apapa-Lagos** took place from **December 6th to December 8th, 2025**. Several candidates that sat for the examination were drawn from different segments of the **Nigerian Armed Forces**. The results of the two examinations have been released to the candidates and most of the examination candidates are here today as new inductees.

Additionally, the annual CPN examination for students of Computer Science in **Kwara State University** was postponed and later scheduled to take place at the tail end of this month. Some institutions of higher learning are also making efforts to join the train of schools that will prepare their students for our professional examination in their school premises.

This is part of the efforts of Council to promote professionalism and make the entry into the profession to be accessible to our Computer Science undergraduates.

I want to inform this gathering that our professional examination is becoming more popular and products of the examination are using their CPN certificates for career progression in their place of work. It is important to mention here that the Armed Forces and the Public Service have really embrace our examination and it is a prerequisite for career development of officers in the Information and Communication Technology segment of the Armed Forces.

Several candidates from all the geopolitical zones in Nigeria sat for the examination and so many of the candidates who passed the final stage of the examination and satisfied the necessary requirements have been inducted earlier this morning as **FULL MEMBERS** and **ASSOCIATE MEMBERS** of the Information Technology profession during the IT Professionals' Assembly.

iii. ACCREDITATION VISIT

The Secretariat carried out accreditation visit to Bola Ahmed Tinubu Medical ICT Institute, University of Maiduguri Teaching Hospital, Maiduguri, Borno State. Bola Ahmed Tinubu Medical ICT Institute is a pioneer institute of Medical ICT in Nigeria. The objective of the institute is to bring about sharp improvement in Nigeria health care delivery system through proper deployment and application of Information and Communication Technology in the health care delivery system. Therefore, it set out to train Information and Communication Technology experts exclusively for the health care sector. By accrediting their programme, the Council is promoting the training of ICT experts that are exclusively for the development and promotion of application of technology in our health care delivery system.

iv. The National Skill Qualifications Framework (NSQF)

As the Awarding Body for the National Skills Qualifications (NSQ) in Information and Communication Technology (ICT), the Council have shown her commitment to developing and promoting Technical and Vocational Education and Training (TVET), through the development and implementation of Technical/Vocational Qualifications and Awards that are relevant for economic development and empowerment, provision of Quality Assurance with consistent external quality assurance of training and assessment as prescribed by the Nigeria Skills Qualifications Framework (NSQF).

It is worth noting that the Council, in collaboration with the National Board for Technical Education (NBTE), have assessed and recognized over three hundred and fifty (350+) Training Service Providers and Skill Development Centers for training in various Digital Skills or ICT related Trades, and have issued over twenty thousand (20,000+) NSQ Qualifications from Levels 2 to 5. The training service providers are spread across the six (6) geopolitical zones of Nigeria.

The Council, as a member of the Committee of Sectoral Awarding Bodies (SAB), is also working with other progressive partners like the Federal Ministry of Education and the National Business and Technical Examinations Board (NABTEB) to provide External Quality Assurance of Assessment for NSQ ICT Trades at levels 1 to 3 in the TVET Initiative Program.

Having the ambitious target of certifying over one million candidates in the next five years, the awarding body is open to registering more Training Service Providers, training more Digital Skill Trainers (DST), and Quality Assurance Assessors (QAAs).

Due to the volume of request for QAAs in ICT, it has been observed that there is a short fall of Qualified Assessors who are Licensed practitioners in the various digital skill and ICT Related Trades, therefore members are encouraged to register for these programs to gain the competence and requisite qualifications necessary for both candidate and center assessments.

Further on the CPN-NSQ Portfolio, the Council is developing new Technical/Vocational Qualifications that will bridge occupational requirements on skills, cutting capital flight and increasing capacity for Digital Economy Development in Nigeria. Hence, the Council is very open to partnership with Polytechnics and Allied Institutions on Mandatory Skills Qualifications (MSQ) and Recognition of Prior Learning (RPL) programs, as well as Donor agencies and training sponsors in ICT Trade and Digital Skills for Business growth.

3. FINANCE AND ADMINISTRATION

I wish to formally inform this August gathering of the reinstatement of the Council back to government funding by the Federal Government of Nigeria. Our profound gratitude goes to the President, Asiwaju Bola Ahmed Tinubu, for this decisive and forward-looking action. This landmark decision is a strong demonstration of the administration's commitment to strengthening regulatory institutions, enhancing professionalism in the digital ecosystem, and positioning Nigeria for sustainable growth in the global knowledge economy. The reinstatement of CPN to government payroll is a strategic investment in Nigeria's digital future. As the statutory body charged with the regulation, control, and supervision of computing and information technology practice in Nigeria, CPN plays a critical role in ensuring standards, ethics, capacity development, and professional excellence within the ICT sector.

By restoring CPN to government payroll, the Federal Government has reaffirmed its recognition of the central role of technology in national development and its commitment to institutional stability as a foundation for reform. CPN remains fully aligned with the administration's vision of a digitally empowered Nigeria, and is committed to collaborating with relevant Ministries, Departments, and Agencies to deepen digital governance, strengthen professional compliance, and contribute meaningfully to the actualization of the Renewed Hope Digital Economy Agenda.

I want to thank the **Federal Ministry of Education**, for its unflinching financial support over the years. I want to express my profound appreciation to the Honourable Minister of Education, **Dr. Maruf Olatunji Alausa**, for his instrumental role and steadfast support in facilitating the reinstatement of CPN back to Federal Government payroll. We are deeply grateful for his leadership, responsiveness, and commitment to strengthening professional institutions under the Ministry. We pray for continued wisdom and success in his service to the nation.

4. STAKEHOLDER ENGAGEMENT AND INSTITUTIONAL RELATIONS

The year under review witnessed strengthened engagement with government ministries, agencies, corporate bodies, and professional organizations. These engagements have improved visibility, fostered collaboration, and reinforced the Council's relevance in policy discussions relating to digital innovation, cybersecurity, artificial intelligence, and emerging technologies. An example of our continuous stakeholders engagement was our scheduled courtesy visit to the Commander, Corps of Signals (CCS), Nigerian Army, Major - General Tanimu Abdullahi on Thursday, 29th January, 2026, at the Nigerian Army Signals, Arakan Barracks, Apapa, Lagos. The visit was aimed at strengthening institutional collaboration between CPN and the Nigerian Army Signals, particularly in the areas of information technology, digital capacity building, cybersecurity, and professional regulation of computing practice in Nigeria.

5. ADMINISTRATIVE AND OPERATIONAL IMPROVEMENTS

I resumed office as the Registrar/Secretary to Council on Monday 1st December, 2025, succeeding Mr. Muhammad Bello Aliyu who had served out his tenure as the Registrar/Secretary to Council.

Internally, the Secretariat implemented measures to improve service delivery, including:

- Streamlining of internal processes.
- Improved record management systems.
- Enhanced financial and operational accountability mechanisms.

As part of measures to improve on the Secretariat's operational efficiency, some new Units were created. These include **SERVICOM**, and the **Procurement Unit**. The establishment of **SERVICOM** and **Procurement Units** at the Secretariat not merely administrative expansion, but a strategic reform initiative, and a statutory necessity aimed at strengthening service delivery, accountability, transparency, and operational efficiency in line with Federal Government regulations.

6. VISITS TO CPN REGIONAL OFFICES

In line with my commitment to strengthen institutional capacity and enhance operational efficiency, I paid on-the-spot visits to all CPN's regional offices. The purpose of the visits was to assess first hand, the working conditions of staff, evaluate the adequacy of tools and infrastructure available for service delivery, and identify critical areas requiring intervention. During the visits, I engaged directly with staff across various departments, fostering open discussions on their day-to-day responsibilities, challenges encountered, and the functionality of existing work tools. Particular attention was given to office equipment, information and communication technology (ICT) facilities, internet connectivity, power supply, furniture, welfare and general work environment conditions that will enhance organizational performance.

Arising from the visits, immediate needs are already being prioritized, while medium- and long-term requirements will be incorporated into the Council's strategic and budgetary planning. The visit also served as a morale booster for staff, reinforcing the administration's commitment to inclusive leadership, accountability, and continuous improvement. I remain committed to working collaboratively with Management and Council to ensure that all identified needs are addressed in a timely and sustainable manner.

7. STAFF TRAINING

We are currently accelerating training and capacity development initiatives for Secretariat staff to enhance operational efficiency. This will enable us to get maximum benefit from the skills of the staff. As part of our resolve to improve on the operational efficiency of staff, a 2 - day Staff Retreat will hold immediately after this IT Professionals' Assembly, from Friday 15th - Saturday 16th May, 2026.

Holding the Staff Retreat immediately after the IT Assembly is a deliberate strategic step to:

- Consolidate gains from the Assembly
- Translate discussions into measurable outcomes
- Strengthen internal alignment
- Enhance institutional performance
- Position CPN for stronger regulatory impact

It is not merely a gathering, but a structured mechanism to move from dialogue to delivery.

8. RELATIONSHIP WITH GOVERNMENT AND COLLABORATION WITH OTHER SISTER AGENCIES

Our relationship with other sister Agencies can be described as very robust. CPN continues to collaborate with different Associations and Agencies in the Information Technology profession in order to keep on educating the professionals and members of the public sector on Information Technology.

9. PUBLIC RELATIONS INROAD

Over these past few months, we have continued to make significant public relations inroads aimed at strengthening CPN's institutional visibility, credibility, and strategic relevance within Nigeria's digital ecosystem. We have intensified engagement with key stakeholders across government, private sector, academia, and international development partners. High-level visits, courtesy calls, and strategic dialogues have positioned the Council as a critical voice in national digital policy conversations.

These engagements have enhanced collaboration with Ministries, Departments and Agencies (MDAs), especially in areas relating to:

- Digital transformation
- Local content development
- IT project regulation and compliance
- Capacity building and professional standards enforcement

Through sustained media engagement — press briefings, interviews, and feature publications — CPN has strengthened public awareness of its regulatory mandate. An example of this is The Public Notice in **The Guardian** and **Daily Trust** Newspapers on Friday 13th March, on **Mandatory Registration of Information Technology (IT) Practitioners and IT Companies in Nigeria**.

The 2026 IT Professionals' Assembly themed "Digital Resilience & Inclusion for Smart Economy" further amplified CPN's thought leadership role in shaping national discourse.

CPN's communication strategy has focused on:

- Consistent messaging on professionalism and standards
- Enhanced digital presence
- Improved stakeholder communication channels
- Strengthened internal communication alignment

This repositioning has improved public confidence in CPN's oversight responsibilities and reinforced its identity as a forward-looking regulatory institution. Public relations efforts have also deepened engagement with registered members and corporate bodies through:

- Regular updates on regulatory policies
- Promotion of MCPD programmes
- Advocacy for ethical computing practice
- Celebration of professional milestones

This has fostered stronger loyalty, participation, and professional pride within the computing community.

CPN's public relations inroad represents a deliberate and strategic effort to reposition the Council as an indispensable pillar in Nigeria's digital transformation journey. Through proactive communication, stakeholder engagement, and policy advocacy, CPN is consolidating its influence while reinforcing public trust in the computing profession.

10. OUR OUTLOOK

As we look ahead, the Secretariat remains committed to:

- Deepening digital transformation of operations.
- Expanding membership outreach.
- Strengthening regulatory enforcement.
- Supporting Council's strategic initiatives for sustainable growth.

CONCLUSION

Distinguished Members, the achievements recorded during the year are a testament to the visionary leadership of the President and Council, the dedication of Secretariat staff, and the unwavering support of members. Our vision of making Information Technology a way of life for our people is not a dream anymore. It is fast becoming a reality. We are really forging ahead. As registered members of the fastest growing profession in the world, we need to use our official capacities to promote professionalism and advance the growth of the profession in all ramifications. Thinking about the future can help a people shape it. Therefore, what we may begin to witness presently in Nigeria is the emergence of a new economy – the digital economy. Information Technology is the single most important global driver of business, economic and social change in this century. Therefore, the co-operation of all of us is required to enhance its penetration in this great country.

On this note, I will like to seize this opportunity to thank the President/Chairman of Council and members of 2025-2027 Council for their selfless service for the development of the profession.

I sincerely appreciate the cooperation of all stakeholders. We remain resolute in our commitment to professionalism, integrity, and excellence in service delivery. May GOD in HIS infinite mercy and blessings imbue us with the necessary knowledge and wisdom that will enable us to make our noble profession the first among equals in Nigeria.

I thank you for listening, and trust that we can count on your cooperation always.

GOD bless you all.

Adebayo ADEGBIJI, FNCS

Report of the Council

For the year ended 31 December 2025

1. Financial Statements

The Council have the pleasure in presenting the annual report together with the audited Financial Statements of the Council for the year ended 31 December 2025.

2. Legal Form

Computer Professionals (Registration Council of Nigeria), referred to as the Council, is an independent government entity established in accordance with Act number 49 in the year 1993.

3. Principal Activities

The Principal objectives of the Council are as follows:

- To advance the knowledge of computer science and the use of computational machinery and techniques related thereto.
- To exercise control and supervision of the computer profession.
- To determine what standard of knowledge and skills are to be attained by persons seeking to become members of the profession and improving those standards from time to time as circumstances may permit.
- Secure the establishment and maintenance of a register of persons seeking to be registered to practice the profession and the publication, from time to time, of the lists of those persons.

4. Operating Results

	2025	2024
	₦	₦
Total Income	659,891,780	482,477,184
Total Expenses	<u>(665,322,235)</u>	<u>(494,201,786)</u>
Deficit for the period	<u>(5,430,456)</u>	<u>(11,724,601)</u>

5. Property, Plant and Equipment

Information relating to changes in property, plant and equipment during the year are shown in note 11 on pages 18 and 19, to the financial statements. In the Management's opinion the disclosures regarding the Council's properties are in line with the related statement of accounting policy of Council.

6. Events after reporting period

There were no events after reporting period which could have had a material effect on the financial state of affairs of Council as at 31 December 2024 and surplus for the year ended on that date that have not been adequately provided for.

7. Employment and Employees

a. Our Employees

In Computer Professionals (Registration Council of Nigeria), the Employees are our number one asset. The collective commitment of our work force in the secretariat has been instrumental to the sustained improvement of our corporate performance.

b. Employee Involvement and Training

The Council places considerable value on the involvement of its employees and has a practice of keeping them informed on matters affecting them as employees and on the various factors affecting the performance of the Council. The Council has in-house training facilities complemented when and where necessary with additional facilities from educational institutions and Consultants for the training of its employees.

c. Employment of Physically Challenged Persons

It is the Council's policy to promote diversity and offer everyone equal opportunities for employment. Applications for employment by physically challenged persons are always fully considered, bearing in mind the respective aptitude and abilities of the applicants concerned. In the event that a member of staff becomes physically challenged whilst in the employment of the Council, every effort is made to ensure that their employment with the Council continues and that appropriate training and support is given to them. It is the Council's policy that, as far as possible, all employees are treated alike in the areas of training, career/professional development and promotion. However, the Council has no physically challenged persons in its employment as at 31 December 2025.

d. Health, safety and welfare

The Council provides healthcare facilities for its staff whilst all essential safety regulations are observed in the offices to guarantee maximum protection of employees at work.

8. Independent Auditors

The independent auditors, Messrs BBC PROFESSIONALS (Chartered Accountants) have expressed their willingness to continue in office in accordance with Section 401(2) of the Companies and Allied Matters Act, 2020.

ABUJA, NIGERIA

BY ORDER OF THE COUNCIL

.....May, 2026

ADEBAYO ADEGBIJI, FNCS
REGISTRAR/SECRETARY TO COUNCIL

Statement Of Council's Responsibilities In Relation To The Financial Statements

For the year ended 31 December 2025

The Council officials accept responsibility for the preparation of the annual financial statements that give a true and fair view of the statement of financial affairs of the Council at the end of the year and of its Statement of Financial Performance in the manner required by the international Public Sector Accounting Standard and Financial Reporting Council of Nigeria Act No. 6, 2011.

The responsibilities include ensuring that the Council:

- (i) Keeps proper accounting records that disclose, with reasonable accuracy, the financial position and comply with the requirements of the Act establishing the Council;
- (ii) establishes adequate internal control to safeguard its assets and to prevent and detect fraud and other irregularities; and
- (iii) prepares its financial statements using suitable accounting policies supported by reasonable and prudent judgements and estimates, that are consistently applied.

The Council accepts responsibility for the financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in compliance with:

- (a) International Public Sector Accounting Standards (IPSAS) and
- (b) the requirements of the act establishing the Council.

The Council officials are of the opinion that the financial statements give a true and fair view of the state of the financial position of the Council and of the financial performance for the year then ended . The Council further accepts responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements as well as adequate systems of internal control.

The Council officials have made assessment of its ability to continue as a going concern and has no reason to believe that the Council will not remain a going concern in the years ahead.

**SIGNED ON BEHALF OF THE
COUNCIL ... MAY, 2026 BY:** _____

Essien Eyo, FNCS
President/Chairman of Council

Adebayo Adegbiyi, FNCS
Registrar/Secretary to Council

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF COMPUTER PROFESSIONALS (REGISTRATION COUNCIL OF NIGERIA)

Opinion

We have audited the financial statements of **Computer Professionals (Registration Council of Nigeria)** ('the Council') set out on pages 10 to 23, which comprise the statement of financial position as at 31 December 2025, the statement of financial performance, the statement of cash flows for the year then ended, a summary of significant accounting policies, other explanatory information and financial summary.

In our opinion, the financial statements give a true and fair view of the financial position of **Computer Professionals (Registration Council of Nigeria)** as at 31 December 2025 and of its financial performance and cash flows for the year then ended in accordance with International Public Sector Accounting Standards, the requirements of the act establishing the Council and the Financial Reporting Council of Nigeria (Amendment) Act 2023.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Council in accordance with the Institute of Chartered Accountants of Nigeria (ICAN) Professional Code of Conduct and Guide for Accountants, which is consistent with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (Part A and B), together with other ethical requirements that are relevant to our audit of the financial statements in Nigeria, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Council officials are responsible for the other information. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Council Officials for the Financial Statements

The Council officials are responsible for the preparation and fair presentation of the financial statements in accordance with International Public Sector Accounting Standard, the requirements of the act establishing Council, Financial Reporting Council of Nigeria Act No 6, 2011, and for such internal control as the Council officers determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Council officials are responsible for assessing the Councils' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the officers either intend to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council officers.

- Conclude on the appropriateness of the Council officers' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Council to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We also provided those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

With regards to the audit of the Council's financial statement and books of Accounts, we state that:

- i. We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit;
- ii. The Council has kept proper books of account, so far as appears from our examination of those books; and
- iii. The Council's statement of financial position and its statement of financial performance are in agreement with the books of account and returns.

Notes to The Financial Statements

For the Year ended 31 December, 2025

1. GENERAL INFORMATION

Computer Professionals (Registration Council of Nigeria), referred to as the Council, is an independent government entity established in accordance with Act number 49 in the year 1993.

The entity's principal objectives of the Council are:

- a. To advance the knowledge of computer science and the use of computational machinery and techniques related thereto.
- b. To exercise control and supervision of the computer profession.
- c. To determine what standard of knowledge and skills are to be attained by persons seeking to become members of the profession and improving those standards from time to time as circumstances may permit.
- d. Secure the establishment and maintenance of a register of persons seeking to be registered to practise the profession and the publication, from time to time, of the lists of -those persons.

The Council's registered office is at: **Centre of Excellence Building**,
Plot 1321 Adesoji Aderemi Street, Federal Secretariat Complex
Gudu District, Apo Legislative Quarters FCT, Abuja

Notes to The Financial Statements

For the Year ended 31 December, 2025

STATEMENT OF COMPLIANCE AND BASIS PREPARATION

The Financial Statements of the entity has been prepared in accordance with and comply with International Public Sector Accounting Standards (IPSAS).

The Financial Statements are presented in Nigerian Naira (NGN) which is the functional currency of the entity. The accounting policies have been consistently applied to all the years presented.

The financial statements have been prepared on the basis of historic cost. The cash flow statement is prepared using the direct method. The financial statements are prepared on an accrual basis.

KEY JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

The preparation of financial statements requires judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

Key estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both the period of revision and future periods.

Notes to The Financial Statements

For the Year ended 31 December, 2025

5. SIGNIFICANT ACCOUNTING POLICIES

.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank (TSA), deposits on call and highly liquid investments with an original maturity of 3 months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

.2 Receivables from exchange transaction and non-exchange transactions

Receivables from exchange transactions are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. A provision for impairment of receivables is established when there is objective evidence that the entity will not be able to collect all amounts due according to the original terms of the receivables.

.3 Property, plant and equipment

All property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Where an asset (other than land) is acquired for nil or nominal consideration the asset is initially recognised at fair value, where fair value can be reliably determined, and as income in the statement of financial performance.

All repair and maintenance is charged to the statement of financial performance during the financial period in which it is incurred.

Depreciation on assets is charged on a straight-line basis at rates calculated to allocate the cost or valuation of the asset less any estimated residual value over its remaining useful life:

Notes to The Financial Statements

For the Year ended 31 December, 2025

Assets	Rate(%)
Buildings	2.5
Office furniture & fittings	15
Plant & Machinery	20
Office equipment	25
Computer equipment	25
Motor Vehicles	25
Library books	10

.4 Payables under exchange transactions

Payables are recognized initially at fair value and subsequently measured at amortised cost using the effective interest method.

.5 Equity/management of capital

Computer Professionals (Registration Council of Nigeria) was established in 1993 by Act number 49.

The Federal Government injects capital for the Council's capital projects and this is recognised as equity in the Statement of Financial Position.

.6 Contribution from the Federal Government of Nigeria

Government's revenue contribution is recognized as revenue in the Statement of Financial Performance when received. The Government's contribution is in the area of personnel and overhead grants.

.7 Other operating revenue

Other operating revenue arises from exchange transactions in the ordinary course of the entity's activities. Revenue comprises the fair value of the consideration received or receivable for goods and services in the ordinary course of the entity's activities.

Notes to The Financial Statements

For the Year ended 31 December, 2025

.7.1 Other revenue

Other revenue consists of gains/losses on disposal of property, plant and equipment. Any gain or loss on disposal is recognized at the date control of the asset is passed to the buyer and is determined after deducting from the proceeds the carrying value of the asset at that time.

.7.2 Fees and dues

Computer Professionals (Registration Council of Nigeria) recognizes revenues from non-exchange transactions (fees and dues) when the event occurs and the resulting asset's recognition criteria are met. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the entity and the fair value of the asset can be measured reliably.

.8 Financial risk management

The entity seeks to minimize its exposure to financial risk. The only financial assets that it may purchase are cash, or cash equivalents and listed equity investments. The only financial liabilities that it may have (other than supplier liabilities) are bank overdrafts and bank loans.

(a) Currency risk

Computer Professionals (Registration Council of Nigeria) manages its bank accounts with the Central Bank of Nigeria through the Treasury Single Accounts (TSA) in Naira, which is the official currency of the Federal Republic of Nigeria. The entity is not in any way exposed to the risk of changes in foreign exchange rates.

Notes to The Financial Statements

(b) Interest rate risk

Interest rate risk arises from possible impact of changes in the interest rates on the value of financial instruments. The entity does not have assets and liabilities that are materially dependent on interest rate levels therefore, management believes that the entity has no exposure to interest rate risk.

(c) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Computer Professionals (Registration Council of Nigeria) is exposed to credit risk on its receivable accounts. The entity seeks to reduce the credit risk by ensuring that all members pay up their dues and subscriptions as at when due.

(d) Liquidity risk

Liquidity risk is the risk of the entity not being able to meet its obligations as they fall due. The entity's approach to managing liquidity risk is to ensure that sufficient liquidity is available to meet its liabilities when they fall due, without incurring unacceptable losses or risking damage to the entity's reputation.

6. Notes to the statement of comparison of budget and actual amounts

(a) The approved budget is presented on cash basis and for the same period (from 1 January to 31 December 2018) as the financial statements.

(b) The entity's budget and financial statements are prepared using a different basis from the financial statements. The "financial statements are prepared on an accruals basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis-The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

20th International Conference on Technology and Computing

**Theme: Harnessing Digital Innovation and Emerging Technologies
for Inclusive Growth and Economic Renaissance (RISE 2026)**

Conference Location:

**Crispan Hotel, Opposite Airforce Base,
Rayfield, Jos, Plateau State, Nigeria**

Conference Dates:

~~10th – 13th August 2026~~
27th – 30th, July 2026

CALL FOR PARTICIPATION

Preamble:

In line with global digital transformation, emerging technologies, ranging from artificial intelligence to advanced manufacturing, blockchain, biotechnology and quantum computing are reshaping economies and redefining pathways to inclusive, sustainable development. The forthcoming International Conference, themed **'Harnessing Digital Innovation and Emerging Technologies for Inclusive Growth and Economic Renaissance (RISE 2026)'**, is aimed at providing a platform for interdisciplinary dialogue and knowledge exchange through leveraging technological advancements to foster equitable prosperity and economic renewal.

Consequently, the Nigeria Computer Society is pleased to invite scholars, researchers, industry practitioners, policymakers, and students to submit original research papers, case studies, and practical insights to the International Conference on Harnessing Digital Innovation and Emerging Technologies for Inclusive Growth and Economic Renaissance

Conference Tracks:

The thematic areas for this conference fall into six tracks. Authors are encouraged to align their submissions accordingly as follows:

1. Digital Innovation for Inclusive Development
2. Artificial Intelligence, Data Science & Automation
3. Emerging Technologies & Economic Renaissance
4. Education, Skills, and Human Capital Development
5. Entrepreneurship, Startups, and Innovation Ecosystems
6. Policy, Regulation, and Digital Economy Governance

Publication Opportunities

Selected high-quality papers will be considered for publication in:

1. Conference Proceedings (with ISBN)
2. Partnered peer-reviewed journals
3. Edited volumes or special issues (where applicable)

Important Dates:

- **Call For Paper Announcement** : 10 December, 2025
- **Paper Submission Deadline:** ~~1 April, 2026~~ 20 April 2026
- **Reviewer Feedback Returned:** 1 May, 2026
- **Camera-Ready Paper Submission** : 30 May 2026
- **Conference Dates** : 10 – 13 August, 2026

Submission Guidelines: Visit www.conferences.ncs.org.ng

Registration Fees:

Categories	Early Bird Feb. 2 - Apr. 30, 2026	Standard May 1 - Jun. 30, 2026	Late Bird Jul. 1 - Aug. 13, 2026
