INDUCTION OF NEW MEMBERS

**14-MAY-2026
THURSDAY**

**10
AM**

**NAF CONFERENCE CENTRE
KADO, ABUJA.**

NATIONAL ANTHEM

Nigeria, we hail thee Our own dear native
land Though tribes and tongues may differ
In brotherhood, we stand Nigerians all, are
proud to serve Our sovereign Motherland.

Our flag shall be a symbol That truth and
justice reign In peace or battle, honour'd,
And this we count as gain, To hand on to our
children A banner without stain.

O God of all creation Grant this our one
request. Help us to build a nation Where no
man is oppressed And so with peace and
plenty Nigeria may be blessed.

NATIONAL PLEDGE

I pledge to Nigeria my country To be faithful,
loyal and honest To serve Nigeria with all my
strength To defend her unity And uphold her
honour and glory So help me God

REMARKS OF THE PRESIDENT/CHAIRMAN OF COUNCIL, DR ESSIEN EYO, *FNCS*, AT THE INDUCTION OF NEW MEMBERS OF THE INFORMATION TECHNOLOGY PROFESSION ON THURSDAY 14TH MAY 2026 AT NAF CONFERENCE CENTRE, ABUJA

The Vice-President/Vice-Chairman of Council

President, **Nigeria Computer Society**

Registrar/Secretary to Council

The Inductees

Other Invitees

Members of the Press Present

Ladies and Gentlemen

It is with great joy and a deep sense of professional pride that I welcome you all to this Induction Ceremony of the **Computer Professionals (Registration Council of Nigeria) [CPN]**. Today is not just a ceremonial event; it is a defining moment in your professional journey. It marks your formal admission into a regulated and respected body of professionals entrusted with shaping Nigeria's digital present and future.

To our inductees, I say congratulations. You have worked diligently to meet the standards prescribed by law and by this noble Council. Your induction today signifies that you are now recognized under the provisions establishing CPN as the statutory body responsible for the control and regulation of the computing profession in Nigeria.

But induction is not the end—it is the beginning. Membership of CPN carries with it honour, privilege, and responsibility. You are now custodians of professional integrity. In a digital age where technology influences governance, finance, healthcare, security, education, and virtually every sector of our economy, your competence and ethical conduct will directly impact lives, institutions, and national development.

As IT professionals, you must commit yourselves to:

Professional Excellence – Continuously upgrading your knowledge and skills in a rapidly evolving technological landscape.

Ethical Responsibility – Upholding the highest standards of integrity, confidentiality, and accountability.

Innovation and Problem-Solving – Leveraging technology to address real societal and economic challenges.

National Development – Contributing meaningfully to Nigeria's digital transformation agenda.

It is expedient that I tell you what **Computer Professionals (Registration Council of Nigeria) [CPN]** is all about.

CPN was established by Act No 49 of 1993. The Act was passed into law on 10th of June 1993 and gazetted on the 9th of August 1993. CPN is a regulatory body, charged with the regulation, control and supervision of the computing profession and practice in Nigeria in line with Section 1 (2) of the Act, and is under the supervision of the **Federal Ministry of Education**.

The functions and responsibilities of CPN include the following:

1. To determine the standards of knowledge and skills to be attained by persons seeking to become members of the computing profession and improve those standards from time to time as circumstances may permit.
2. To secure, in accordance with the provision of the Act, the establishment and maintenance of a register of persons seeking to be registered under the Act to practice the computing profession and the publication from time to time of the list of such persons.
Consequently, the Council is responsible for the following among other things:
 - a. Organization, control and supervision of computing practice in Nigeria
 - b. Screening of individuals seeking to be registered to engage in the sale or use of computing facilities and the provision of professional services in computing in the country.
 - c. Ensuring high computing professional Ethics and Standards.

- d. Creation and sustenance of local and international contacts for our numerous members,
- e. Determining academic standards in Computer Science, Computer Engineering and other related disciplines.
- f. Accreditation of institutions' courses and programmes as well as evaluation of certificates in computing.
- g. Conducting professional examination and in computing.

Ladies and Gentlemen, by Act 49 of 1993, referred to above, it has become mandatory for all persons and organizations seeking to engage, or already engaged, in the sale and/or use of computing facilities, and in the provision of professional services in computing or related computing machinery in Nigeria, to be registered by the Council and licensed to carry out such activities. It is illegal to engage in computing and professional practice without satisfying the above condition -that is, registration and possession of a current valid license.

Consequently, persons and corporate bodies that are registered and hold current valid licenses, apart from being eligible to carry out their businesses, stand to enjoy several benefits including but not limited to:

- Raised professional standing/status.
- Protection from the public from exploitation and harassment in the course of performing bonafide and legitimate professional activities.

- Right to use the Council's insignia: individualized seal, crest, plaque, ties, clips and brooches
- Reduced rates for computing professional books, publications and events
- Access to and attendance at regular professional programmes like Conferences, Seminars, Symposia, Workshops and **Mandatory Continuing Professional Development programmes (MCPD)** for registered members of the profession.
- Facilitating of Local and International contacts with relevant associations and bodies abroad to facilitate the international mobility of our members
- Reduced charges for some specific professional services and facilities.
- Enjoying reciprocal registration with foreign computer professional bodies abroad.

The digital economy demands resilience, adaptability, and lifelong learning. Technologies such as artificial intelligence, cybersecurity systems, cloud computing, data analytics, blockchain, and emerging digital infrastructures are redefining how the world operates. To remain relevant, you must remain students—curious, disciplined, and forward-thinking.

Let me emphasize that your professional seal is not merely a certificate; it is a symbol of public trust. The society expects that when a CPN

registered professional handles data, builds systems, secures networks, or advises institutions, that work will be done with competence and integrity.

I urge you to avoid the pitfalls that have undermined many professions—complacency, unethical shortcuts, and indifference to standards. Guard your reputation jealously. Once lost, it is difficult to regain. To the families and mentors present here today, we acknowledge your support and encouragement. Your investment in these professionals has contributed to strengthening Nigeria's technological capacity.

As a Council, we reaffirm our commitment to strengthening regulation, promoting continuous professional development, fostering innovation, and creating opportunities for collaboration within the ecosystem.

Dear inductees, today you join not just a registry, but a community—a network of thinkers, builders, researchers, entrepreneurs, and change agents. Carry the CPN name with pride. Represent it with dignity. Protect it with integrity.

May your careers be impactful.
May your innovations solve real problems.
May your expertise open new frontiers for our nation.

On behalf of the Council, I warmly welcome you into the fold and congratulate you on this remarkable achievement.
Thank you and GOD bless you all.

Dr Essien Eyo, FNCS
President/Chairman of Council

SPEECH OF THE CHAIRMAN OF REGISTRATION, REGULATION AND CONTROL COMMITTEE OF COUNCIL, PROFESSOR MUHAMMAD SIRAJO ALIYU, AT THE CPN INDUCTION CEREMONY FOR THE NEWLY ADMITTED MEMBERS OF THE PROFESSION HELD ON THURSDAY 14TH MAY 2026

The President/Chairman of Council, **Dr Essien Eyo, FNCS**

The Vice-President/Vice-Chairman of Council, **Dr Ali Usman
Abdullahi, FNCS**

The Deputy President, **Nigerian Computer Society, Dr. Charles
Onyeukwu**
Distinguished Council Members

The Registrar/Secretary to Council, **Mr. Adebayo Adegbiyi, FNCS**
Elders of the Profession
Eminent persons here present

Distinguished members of the computing profession

Ladies and Gentlemen

It is my honour and privilege, as Chairman of the Registration,
Regulations and Control Committee of the **Computer
Professionals (Registration Council of Nigeria) [CPN]**, to
address you on this important and memorable occasion.

Today marks the culmination of a rigorous and structured process of professional evaluation. The Registration, Regulations and Control Committee is entrusted with a sacred responsibility—to ensure that only qualified, competent, and ethically fit individuals are admitted into the register of IT professionals in Nigeria.

Dear inductees, your presence here today is evidence that you have satisfied the statutory requirements prescribed by the Council. Your academic qualifications, professional training, practical experience, and character have been carefully reviewed in accordance with our regulatory framework.

You have earned your place.

However, registration is not merely about meeting entry requirements—it is about sustaining standards.

As professionals now formally admitted into a regulated body, you are subject to the Code of Professional Conduct of CPN. This code is not designed to restrict you; rather, it exists to elevate you. It ensures that in the design of systems, management of data, deployment of infrastructure, and protection of digital assets, you operate within clear ethical and professional boundaries.

In an era where cyber threats are increasing, data privacy concerns are growing, and digital systems underpin critical national infrastructure, regulation becomes indispensable. The work you do may affect national security, financial stability, public health systems, and governance structures. Therefore, competence without integrity is dangerous, and innovation without regulation can be destructive.

I encourage you to embrace lifelong learning. Technology evolves rapidly; therefore, your knowledge must evolve even faster. Stay current. Stay relevant. Towards this end, we have designed a professional development programme that will enable you to grow professionally and keep you abreast of new developments in the profession. The **Mandatory Continuing Professional Development Programme (MCPD)** was conceived as a means of re-training and updating members' skills and knowledge about the latest developments in the industry. The programme is meant for all grades of members and credits will be given for attendance which will be one of the conditions for the annual renewal of practicing license as well as upward mobility of members across the membership cadres. The MCPD is a common feature of all professional and regulatory bodies on the re-training of their registered members.

In addition, we are conscious of the impact of the use of computational machinery and techniques related thereto on the public, employers of labor, clients and the professionals who have made substantial investment in Information Technology. This is what informed the introduction of the **Code of Ethics and Professional Conduct** that detailed the standards of conduct that is expected from professionals in the IT industry as exists in older profession like Law, Medicine, Architecture and Pharmacy etc. You have all appended your signature to the **Letter of Commitment** that goes with the document. What this means is that high standard of good and ethical conduct that will portray you as good ambassadors of the profession is what is expected from you.

As provided in the Act that established CPN, the Code of Ethics and Professional Conduct is enforceable and the continued membership of the profession depends on strict adherence to it, while not being member of the profession implies forbiddance from practicing the profession in the country. Therefore, endeavor to be good ambassadors of this profession and thread the path of honor and integrity at all times.

Let me inform you that we have a mechanism for checkmating erring and recalcitrant members that go against the Code of Ethics. **CPN Disciplinary Panel** is the standing Committee that sit and deliberate on reported cases of unethical conduct by members. The Chairman of that panel is vested with a power that is equivalent of that of a High Court judge. The implication of this is that the pronouncement of the panel can only be reviewed by the Court of Appeal. In order to enhance the deliberation of the Committee with appropriate legal framework, the Office of the Attorney-General of the Federation appointed an accomplished legal luminary, **Mr. Tunji Oyeyipo** as the Legal Assessor to the Committee.

As we induct this new cohort, we are not just expanding a register—we are strengthening the foundation of our nation's digital future.

**COMPUTER
PROFESSIONALS**
(REGISTRATION COUNCIL OF NIGERIA)
"Act, CAP C22, Laws of the Federation of Nigeria (LFN), 2004"

May you carry the badge of CPN with honour.
May your expertise bring solutions.
May your conduct inspire confidence.
Thank you for your patience and attention.

GOD bless you all.

Prof. Muhammad Sirajo Aliyu
Chairman, Registration, Regulation & Control Committee

20th International Conference on Technology and Computing

**Theme: Harnessing Digital Innovation and Emerging Technologies
for Inclusive Growth and Economic Renaissance (RISE 2026)**

Conference Location:

**Crispan Hotel, Opposite Airforce Base,
Rayfield, Jos, Plateau State, Nigeria**

Conference Dates:

~~10th – 13th August 2026~~
27th – 30th, July 2026

CALL FOR PARTICIPATION

Preamble:

In line with global digital transformation, emerging technologies, ranging from artificial intelligence to advanced manufacturing, blockchain, biotechnology and quantum computing are reshaping economies and redefining pathways to inclusive, sustainable development. The forthcoming International Conference, themed **'Harnessing Digital Innovation and Emerging Technologies for Inclusive Growth and Economic Renaissance (RISE 2026)'**, is aimed at providing a platform for interdisciplinary dialogue and knowledge exchange through leveraging technological advancements to foster equitable prosperity and economic renewal.

Consequently, the Nigeria Computer Society is pleased to invite scholars, researchers, industry practitioners, policymakers, and students to submit original research papers, case studies, and practical insights to the International Conference on Harnessing Digital Innovation and Emerging Technologies for Inclusive Growth and Economic Renaissance

Conference Tracks:

The thematic areas for this conference fall into six tracks. Authors are encouraged to align their submissions accordingly as follows:

1. Digital Innovation for Inclusive Development
2. Artificial Intelligence, Data Science & Automation
3. Emerging Technologies & Economic Renaissance
4. Education, Skills, and Human Capital Development
5. Entrepreneurship, Startups, and Innovation Ecosystems
6. Policy, Regulation, and Digital Economy Governance

Publication Opportunities

Selected high-quality papers will be considered for publication in:

1. Conference Proceedings (with ISBN)
2. Partnered peer-reviewed journals
3. Edited volumes or special issues (where applicable)

Important Dates:

- **Call For Paper Announcement** : 10 December, 2025
- **Paper Submission Deadline:** ~~1 April, 2026~~ 20 April 2026
- **Reviewer Feedback Returned:** 1 May, 2026
- **Camera-Ready Paper Submission** : 30 May 2026
- **Conference Dates** : 10 – 13 August, 2026

Submission Guidelines: Visit www.conferences.ncs.org.ng

Registration Fees:

Categories	Early Bird Feb. 2 - Apr. 30, 2026	Standard May 1 - Jun. 30, 2026	Late Bird Jul. 1 - Aug. 13, 2026
NCS Member	₦65,750	₦70,750	₦80,750
